

PRV-215 2 Way Dual 15"

The PRV Audio PRV-215 Enclosure offers outstanding sound, reliability and high power handling.

The reinforced cabinet structure ensures durability to withstand the rigorous environment of DJs and band travel.

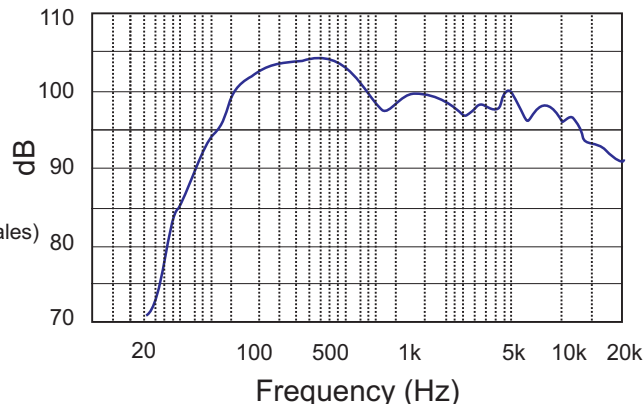

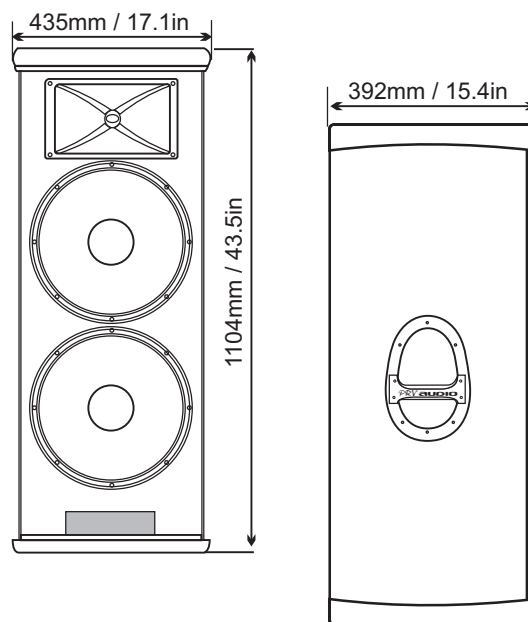

The PRV D260Ti compression driver with a 1.35" voice coil and 1" exit mounted to a user rotatable 90x50 horn completes this impressive sounding two way cabinet.

Developed with two light weight PRV 15" woofers, the power and depth will be sure to bring your live club performances alive. It will also work nicely as side fills, and stage monitors and its smooth response makes it perfect for AV application.

The Woofer cones were developed and tested with the necessary stiffness to withstand intense use while still offering a smooth, accurate frequency response. The sturdy magnet assembly attached to a reinforced steel frame ensures a solid support structure, for long lasting play and reliability in most any environment.
